View the Student Overview Tab

Step	Directions
	Use the student overview tab to view student information and attributes specific to a student.
1	Click the ▤ in the top left-hand corner of your Starfish homepage and click **Students**
2	Click the **Tracking** tab at the top
3	Under **Connection**: select your most applicable role or the "All My Students" option
4	Click a **student's name** to view their information (you can also use the search feature using the student's name, username or ID at the top of this page)
5	The **Overview** tab will automatically open for that student
6	Review the **Overview** tab for various important student information
7	Click the ⊕ icon to view additional information
