

DISRUPTIVE BEHAVIOR FLAG

In collaboration with the
Dean of Students Office (DOS)

RAISE THE FLAG

Raise when a student is engaging in **behavior that is prohibiting the instructor and other students from the academic process**. UNCG regards disruptive behavior as speech or action which is:

- threatening, or
- substantially impedes the delivery of university services

REPORT & TRACK EFFICIENTLY

This flag gives faculty and staff an efficient way to share concerns directly with staff in DOS. Faculty and staff can keep track of concerning behaviors in one Starfish interface and expect prompt communication.

This flag should not be used to report emergency concerns or behaviors.

CARE FOR OUR STUDENTS

In order to best support our students, please provide as much information about the disruptive behavior as possible, particularly:

- **nature**
- **frequency or persistence**
- **if the behavior has been addressed with the student**

SUPPORT OUR FACULTY

DOS will contact the flag raiser with information about next steps to take with the student and how to best support them.

CONSIDER CONFIDENTIALITY

Due to the student information captured in this flag, these flags and comments are only shared with DOS. Student athlete flags will be shared with UNCG Athletics. **The student is not notified of the flag and comments**, and is encouraged to utilize DOS as a support resource in this matter.
