Letter of Explanation

Write approximately 1-2 pages that explain:

- Challenges you experienced in the most recent semester(s)
- How they were unexpected, uncontrollable, severely impactful
- How your circumstances impacted your academics
- Changes in the situation to promote success moving forward

Pro Tips

- Be brief, but include enough information for a stranger to understand what happened.
- Establish a clear timeline of events.
- Reference your documentation in your letter.
- Focus on what happened, not the reasons why you need the appeal approved.

Official Documentation

Make sure your documentation checks ALL the boxes below:

- Documentation is official (clearly comes from an outside source)
- Includes your name OR the name(s) of anyone with extenuating circumstances named in your letter
- Includes dates that align with the semester(s) discussed in your letter
- Verifies all circumstances described in your letter
- Demonstrates improvement/management of your circumstances

Pro Tips

- If documentation from an outside source isn’t accessible to you, submit a notarized statement from a family member or close acquaintance verifying circumstances.
- If the circumstances in your letter or documentation directly involve other people, document your relationship with them.
- Student records (Degree Works or transcripts) are not appropriate documentation.
- Please do not submit personal photos as your only documentation.
- Highlight the most important information on each piece of documentation.
Success Plan

Work through the following check boxes as you complete your success plan:

- Use the Success Plan template on the Students First Office (SFO) website
- The 'Challenges in Previous Semesters' content matches your letter of explanation
- Responses are realistic and consider other personal obligations
- Resources include UNCG and community/personal supports
- Use tools like the GPA Calculator and Degree Works in the 'Mapping Goals' section
- Goals are realistic and reflect modest improvements from past performance

Pro Tips

- Be brief, and avoid complete sentences. You don’t have to fill in every box.
- Don’t put what you think the committee wants to see. Be authentic and realistic.

Graduation Plan

Take the actions below as you complete your grad plan:

- Use the grad plan template on the SFO's website
- Use 'Grad Plan 101' to help you draft your plan
- Complete MAC/GEC column for all general education courses
- You MUST get your grad plan signed by an academic advisor
- If you would like SFO to review your graduation plan, email a completed draft to students@uncg.edu.
  - SFO review will be completed within 3 business days.
  - SFO cannot accept grad plans for review on the appeal deadline day. Plan accordingly.
  - SFO advisors will not approve plans that do not seem feasible for degree completion.

Pro Tips

- Don’t overload yourself! Lighter course loads may allow you greater odds of success.
- Develop a plan you will adhere to. If your appeal is approved, you will be required to stick to it in the upcoming term.
- Get started and submit your completed grad plan to your academic advisor ASAP!
- SFO cannot sign plans for:
  - Bryan School of Business
  - International Global Studies
  - Environment and Sustainability
  - Integrated Professional Studies
  - College of Visual & Performing Arts
